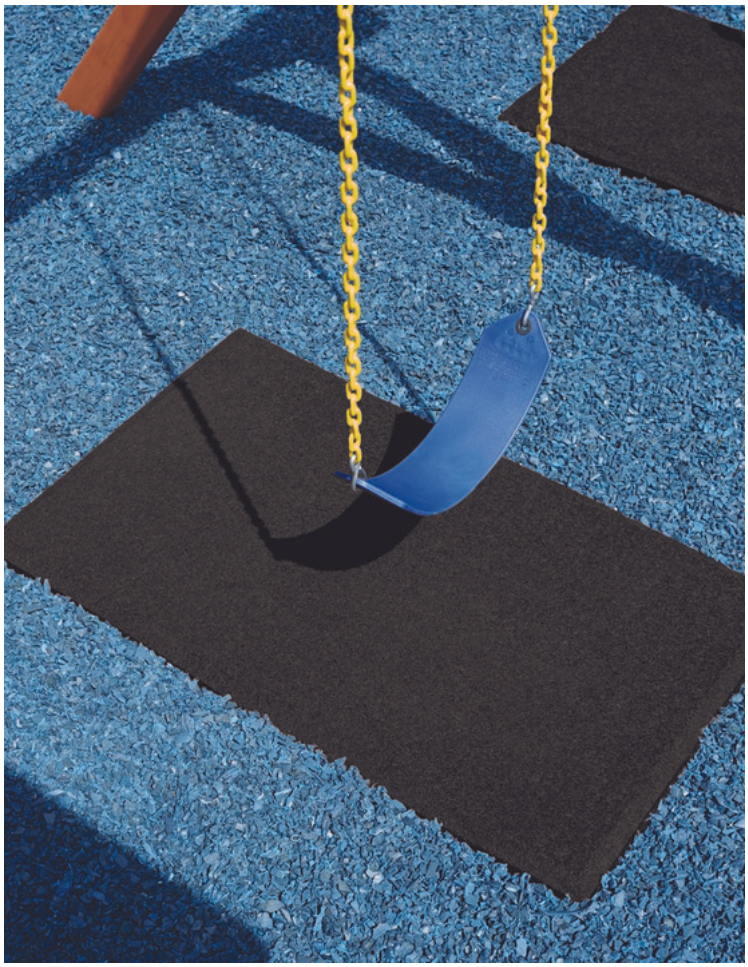
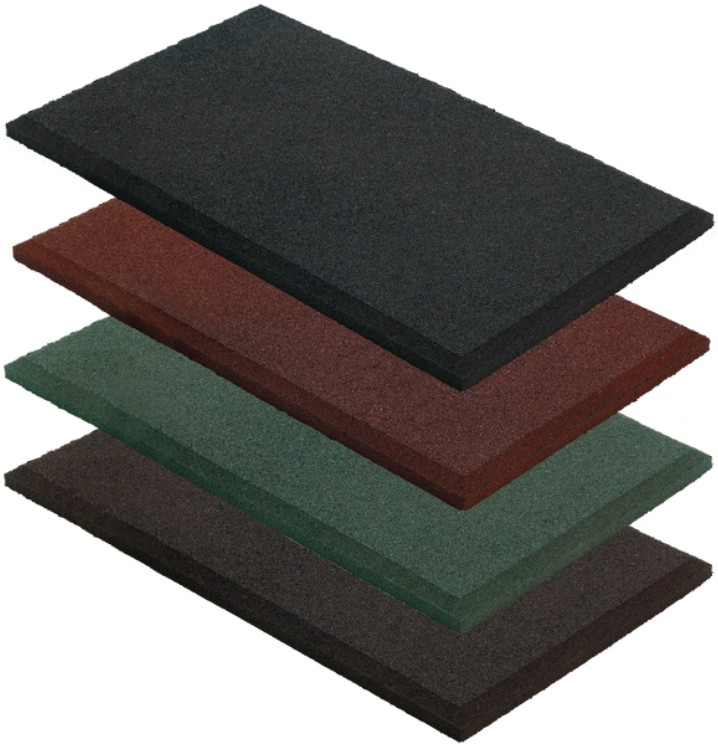
Playground Mats

KEEPS PLAYGROUNDS SAFE

The longevity of GroundSmart Playground Mats is second only to its versatility and functionality. Made from 100% recycled rubber, these durable 54" x 32" mats are 2 inches thick and feature a beveled edge to offer a clean and finished look. One of the primary uses of the GroundSmart Playground Mats is below swings and slides in the playground where loose-fill mulch is typically kicked out by children. These mats stay in place, keep children safer and greatly reduce ongoing maintenance.





Available in Red, Green, Black and Brown.

Installation Instructions

- If used for a playground setting, the top of the mat should be level with the surrounding mulch.
- Remove any grass where mat will be installed and dig a shallow trench (1 inch in depth below grade of surrounding ground and size of the mat.)
- Replace mat.
- If used for a playground setting, the top of the mat should be level with the surrounding mulch.
- This mat should not be secured using a landscaping pin or stake - the weight of the mat will keep it in place.
