Protect Your Investment

Enhanced cushion and better traction with Equi-Tile

Provide unmatched safety and comfort for your horses and livestock. Made from 100% recycled rubber, these one-inch thick interlocking tiles provide a slip-resistant, anti-fatigue surface when wet or dry. Choose this superior, eco-friendly alternative to traditional flooring materials for better cushion and traction, all while reducing injury and bedding costs.

Features and Product Highlights

- **Superior design** - exceptionally durable and resilient; water permeable and fast drying to prevent rot and insects
- **Slip resistant** - wet or dry
- **Easy installation with modular design** - fully-adhered or floating applications for barns, wash racks, stables, breezeways and all other traffic areas
- **Easy maintenance** - requires only basic cleaning with a vacuum, broom or standard garden hose
- **Long Lasting** - water permeable and fast drying. Won't rot, decompose or attract insects
- **Eco-friendly** - molded from 100% post-consumer waste tires, each tile diverts up to 1 full tire from our landfills

More Choice, Better Quality - The EMC EDGE

Our equestrian safety tiles transform traditional flooring into fatigue-free, safe surfaces to protect your horses and livestock - perfect for barns, wash racks, stables, breezeways and other traffic areas.

Test Data

Test Description	ASTM	Result
Flame Spread	E108	Class A
Flammability	E648	Class II
Flammability	2859	Pass
Toxicity	2075	Lead Free
Slip Resistance	F1677	Dry 0.63, Wet .052
Skid Resistance	E303	Dry 96, Wet 47
Tensile Strength	D412	1175.3 psi
Wear Resistance	D3884	1.64% Loss/3000c
UV Resistances	QPanel QUV	<3.0/4032 ksqm
