

**HUMANE**  
FITNESS PRODUCTS GROUP

# PERFORMANCE

With Performance, we combine design and strength to offer you the best experience in your cardio and fitness workouts.

Flooring suitable for use with exercise machines, as it prevents slipping and is wear-resistant thanks to its virgin rubber composition. This material, unique to our products, makes this flooring six times more resistant than its competitors in the market, which are generally made of recycled rubber.

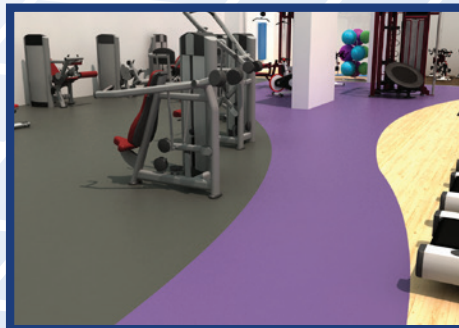

In addition to absorbing vibrations and sound, high standards of hygiene are maintained thanks to its impermeability.

This model, like all Pavigym floors, is available in a wide variety of finishes and customisation options to offer a unique, incomparable product.

## WHERE TO USE:

- Cardio Areas**
- Selectorized Areas**
- Yoga Studios**
- Pilates Studios**
- Home Gyms**
